Methods to Acquire Skills

Storytelling

Lecturing
Lecturing

• Engaging students in the topic(s)
• Exposing students to search strategies
• Utilizing ‘techniques’ to engage students more fully
• Building on acquired skills from strategies employed
• Launch the search
• Review
Storytelling

• Prescribed lessons via laid out plans or scripts, then
• Using animation, narration, images, and videos
• Weaving our topic with ‘sources’
• Develop on-going relationship with audience
• Use feedback to build search strategies
• Have audience consider ‘cause & effect’
• Find additional sources
